

John Samuel

Frontend Engineer

Professional Summary

I'm a Front-End Developer with hands-on experience in building fast, scalable, and responsive web applications. I love creating clean, modern interfaces with great UI and UX using React, Next.js, and TailwindCSS. I pay close attention to developer experience (DX) by writing clear, maintainable code and helpful documentation. I focus on performance, usability, and building solutions that solve real problems while continuously improving my craft.

Work Experience

Full Stack Developer

Lagos, Nigeria

NeXa Esports

Jul 2025 - Sep 2025

- Developed dynamic user interfaces using React, TailwindCSS, and TypeScript for Progressive Web Apps.
- Integrated RESTful APIs from Supabase to enhance functionality and real-time user experience.
- Designed and implemented database schemas, edge functions, and chat features with live (web sockets) notifications.
- Created a UI/UX design guide ensuring consistency and responsiveness across devices.
